WELCOME TO OUR RANGE OF COFFINS, CASKETS AND URNS

If you would like some help and advice when choosing a coffin or urn, our staff are always on hand to answer your questions.

This brochure is designed to help you choose a coffin or urn and we are here to help you with your decision. All the coffins shown are suitable for both burial and cremation, however some of the coffin furniture may require changing to suit certain regulations. We also offer a limited range of designs suitable for children and we can help and advise you on this.

Some things to consider:

Including Personal Items

You may want to place personal items in the coffin, for example photographs, letters, cards, medals or flowers. If you have chosen a cremation, some items may have to be removed before the cremation takes place, as some materials cannot be cremated.

We will advise you about this.

Religious and Cultural Requirements

Every coffin has a nameplate. If you want any religious or other symbols on the coffin we have a wide range available.

Care of the Ashes

After a cremation you will need to decide the final resting place of the ashes. You can keep the ashes in an urn, scatter them or bury them. You don't need to make a decision straight away, however, please refer to our ashes policy for more information.

If you would like to place the ashes in an urn, we have a range of urns and ashes caskets which are shown in this brochure. We can help and advise you.

All photographs are representative of the Coffins or Urns.

We reserve the right to alter, without notice, the specification shown with materials of an equal or higher quality.

Veneered Coffins

Suffolk

Our most popular coffin, shown here is light oak, and lined in white as standard. Also available in medium or dark oak, or light, medium or dark mahogany – all at no extra cost. Please just inform us of your preference.

White interior (standard)

Pink interior

Blue interior

Other interior colours are available on request, and we will do our best to source a colour that matches your wishes, as best as possible.
All coffin furniture is plastic, not metal.

Veneered Coffins

Personalised Suffolk

We believe that funerals are as unique as the individual that we are caring for, and that our coffins should reflect this. You can personalise the Suffolk coffin in many ways; by engraving a graphic onto the head end of the coffin, names or words down the sides, or adding colour, or combinations of all of them.

Here we are showing our Suffolk in light oak, with DAD engraved on the side (both sides are engraved), and also our Suffolk painted white. Any colour from the Dulux range can be added.

Below are some examples of engraved and painted coffins so that you can see the quality

Light oak with sunflower
