WELCOME TO OUR COLLECTION OF CEMETERY AND CHURCHYARD MEMORIALS

I hope that the information displayed in the next few pages will highlight our craftsmanship and attention to detail in producing a personal and lasting memory to your loved one.

We have a dedicated memorial showroom and workshop at our head office on Northgate Street in Great Yarmouth – a site where we have been located for 100 years.

If you wish to visit us, please call ahead to book an appointment with our stonemason. Alternatively, all our staff in your local Arthur Jary & Sons office will be more than happy to help with any initial inquiries.

We hold a limited range of memorials in stock, and any bespoke designs can be ordered and delivered to our workshop within 14-16 weeks from the date of ordering.

All our craftsmanship comes with a 5 year guarantee, and we are also pleased to offer insurance on all memorial work.

Please browse our collection, but understand that we can only show a limited selection in a brochure. For bespoke designs, alternative granites or any special requests, please see our suppliers brochures, or come to see our stonemason.

Some things to consider before making your choice:-

Regulations

Churchyards and cemeteries have regulations which govern the size of memorials, as well as the materials and design. Please speak to us about your choice of designs for a chosen memorial and where it is to be placed.

Materials

We can show a selection of granites that are generally accepted. However, as mentioned above, each cemetery or churchyard will have their own rules regarding what is allowed.

Maintenance

Different materials will require different levels of maintenance once fixed. Understanding these requirements may help you when it comes to choosing a memorial, and therefore ensuring that your memorial stays in the best possible condition over the coming years.

Cemetery Memorials

Let us help you create a lasting memorial to the person you wish to commemorate

In the next few pages, you will see a selection of different memorials that you can choose from. All of them have interchangeable designs and features.

On choosing your style of memorial, and the colour of material that you wish it to be made from, you will need to choose the words to be inscribed. Please talk to us if you require any assistance with this. Every memorial we supply comes with a number of letters included, but please don't let that make you feel limited. Extra letters can be added, but there will be additional costs incurred.

Your memorial order will be put before the Local Authority for their approval. Each cemetery has their own set of rules and regulations, to which we must abide. You will be advised of these, and any associated fee, at the time of placing your order.

Once the application to the Local Authority has been approved, we can start to create your memorial.
